

# Better Together

NOW Available in South Africa!

Let **Motion 3D** do the heavy lifting for you!

The **SAGITTAL FIRST** Treatment Paradigm utilizing the **Motion 3D CLEAR™** Appliance is designed to simplify and standardize your aligner cases,

reducing total treatment time and both the number of attachments and aligners required.

Visit [SLXClearAligners.com](http://SLXClearAligners.com) for more information.

CARRIERE™

SLX® Clear Aligners

CASE #1  
Pretreatment

Simulation with  
Aligners Only

Class I Occlusion  
with 70 Aligners  
18+ Months

SAGITTAL FIRST with  
Motion 3D CLEAR  
Prior to Aligners

Class I Occlusion  
with Motion 3D  
CLEAR Average 3 to 4  
Months

FINAL with 83 Aligners  
20+ Months  
Assumes No Revisions

FINAL with 28 Aligners  
10 Months Total with  
Motion 3D CLEAR &  
Aligners

“

By correcting the sagittal first with Motion 3D, I've reduced my number of aligners by an average of 62%! I've improved facial aesthetics, airway and TMJ when needed - in a way that I am not able to do with aligners alone.”

— Dr. Luis Carrière
